Theresa A, Scott

SLO County HSOC

1. ASPC; San Luis Obispo County Behavioral Health Board; Latino Outreach Council; Area Board 9 on Developmental Disabilities (Application in process)
2. I have eight years of experience working for CenCal Health, most recently as a Provider Relations Liaison. I work with the hospitals case management teams, our skilled nursing facilities to assist with placing our high-risk member population upon discharge from acute care settings. Frequently these members are homeless.
3. I am involved in multiple committee meetings both internally at CenCal Health and externally in San Luis Obispo and Santa Barbara County that involve homeless and behavioral health issues including drug and alcohol issues. I have had past responsibilities for Community Health Centers of the Central Coast at an administrative level. I currently chair the SLO County Healthcare Coalition for the Homeless (formally the Medically Fragile/IMPACT group). I participated in meetings with the Hospital Council of the Northern and Central California and the Health Advisory Group of California which created a sub-committee that developed the Immediate Management of Patients and Care Transitions (IMPACT) pilot. I've attached as a reference. The pilot focuses on assisting individuals being discharged from acute care setting that are high-risk and homeless and needing immediate assistance.
4. I am truly interested in working with our community partners in a collaborative manner to bring about change that will produce opportunities to serve the homeless population, by assisting with care coordination, reducing homelessness, and improving outcomes of care.
